Mrs. Heithoff

Classroom Activities

We wrapped up our unit about 3D shapes with an activity using QR codes. We also began our unit on comparing numbers. This includes knowing which number is greater, less, or if the numbers are equal. The vocabulary is the main emphasis of this unit and it is very important that your child says greater than, less than, or equal on the assessment. We will also learn about the symbols to compare then num-

bers. This week we finished a partner beanstalk to hold an egg. We also build one of the 3 pigs houses. We will test the houses against the Big Bad Wolf next Monday. Our last project in our unit about structure and function will be building a special paintbrush. Then the goal is to learn about 5 food groups before winter break. We will see what we can get done.

Books We Read

Opposite! By Lynell Johnson
Whose Shoes? A Shoe For Every Job by Stephen R. Swinburne

"Little Juan and the Cooking Pot" A Tale from Puerto Rico

Letter Person News

Mr. O is opposite. When you say stop, he says go. When you want to push, he will pull. This makes Mr. O very un-

safe. Our O puzzles had a great mix of words beginning with O and with O in the middle. Students are doing an amazing job of hearing all

sounds in words. Three spaces of the puzzle was independently done. Our reading skills continue to improve also. We are

sounding out and blending together many words when we are reading, not to mention the sight words we have mastered. List 3 comes next week

Important Information & Celebrations

*Donuts for Dads Monday, December 9th 8:30-10:00

*PTA meeting Dec. 17, at 6

*Raising Cane's Night is Dec. 18
