Mrs. Heithoff

Classroom Activities

Our new math unit is about comparing numbers. This week we looked at numbers and discussed which was greater, less, or if they were equal. We also talked about the symbols during small groups. The best part of the week was learning how to play the card game "War". We had to still use the vocabulary words greater, less and equal while playing. At home practice using a deck of

cards and remove the face cards. In science we finished our unit about structure and function. Your child's paint brush will be coming home on Monday. Thank you to everyone that was able to make it to Donuts for Dads today. We appreciate all you do at home to help your child learn.

Books We Read

Dinosaurs Dance by Kathleen M. Fischer

What Can You Do with a Paleta? By Carmen Tafolla

Letter Person News

Mr. D does a dazzling dance. Our writing on the D puzzle was amazing. The kids have so many, if not all, of the sounds in their words. Some students were even spelling the words correctly the first time they wrote it. We are also becoming great readers. We are

segmenting and blending words much faster. We have complete another class book about what we would do if we had a dinosaur. New sight words this week are: do did

Important Information & Celebrations

*Tuesday, Dec. 17th PTA meeting at 6

*Raising Cane's night Dec. 18 (PTA fundraiser)

*Class party Dec. 20 2:30-3:15

***Winter Break and No School Dec. 23 – Jan. 1st

*Back to school on Jan. 2

*Thomas was the Star of the Week

*Fine motor activity: Hang a picture under a table and color it. This builds up the strength in your child's wrist.
