Mrs. Heithoff

## Classroom Activities

In math, we are working on writing our numbers like kindergarteners. We have been singing a special song to help us learn the proper formation of the numbers. Please encourage your child to start all letters and numbers at the top when writing. There will be a book for your child to work on at home in homework next week. Our last butterfly will either come out this weekend or Monday. We have enjoyed watching the caterpillars grow and change as well

as releasing the butterflies. Our class books will begin their travels next week. We will have 4 books traveling to different homes. As long as the books are returned the next day we should have a book in every house in 2 weeks. Please keep in mind that kindergarten writing looks different at the beginning of the year than it does at the end of the year. We will discuss this during conferences.
